

**Slovak – Czech Conference on Geometry and Graphics**

*The third joint event of*

**26<sup>th</sup> Symposium on Computer Geometry SCG'2017**

**37<sup>th</sup> Conference on Geometry and Graphics**

**September 11 - 14, 2017**

**Vršatské Podhradie, Slovak Republic**

Ladies and gentlemen!

You are cordially welcome to participate at the 26<sup>th</sup> annual international symposium on geometry and its applications that will be held on September 11 – 14, 2017 in lovely crown of White Carpathians

**Vršatské Podhradie, county Ilava, Slovak Republic**

and organised in cooperation with the Czech Society for Geometry and Graphics.

Main topics:

- geometry and its applications
- geometric modeling and computer graphics
- role of geometry in the context of engineering education
- dynamic software environments in teaching geometry

All presentations related to various branches of geometry and its applications in technical and scientific disciplines, or dealing with teaching methods in geometry are welcome. Participants can present their contributions also as posters, exhibition of models, presentations of learning materials or computer applications.

Interested participants can register on-line at the conference webpage: [www.ssgg.sk/scg](http://www.ssgg.sk/scg)

Accommodation is provided in [hotel Vršatec](#) on request in the on-line registration form

48,- Euro full board in 1 bedroom/person/day

38,- Euro full board in 2 bedroom/person/day

Conference fee in the amount of 100,- Euro (covering conference materials and proceedings, refreshment and conference dinner) should be paid not later than August 20, 2017 to the account **SWIFT: LUBASKBX , IBAN SK05 3100 0000 0040 4019 8208**

We are looking forward to all regular participants of Symposium and welcome all new colleagues interested in the field of geometry.

Organisation Committee: ***Velichová - Szarková - Richtáriková***
